

ENVIRONMENTAL POLICY

Aim

ADAPT Australia Pty Ltd is committed to conducting our business in an environmentally aware and responsible manner. Adapt is committed to the continual improvement of the Environmental Management System. We seek the co-operation of our employees and business partners in ensuring our organisational practices are conducted with minimal environmental impact.

Objective

To work with employees, contractors, visitors and business partners to achieve compatibility between economic development and the maintenance of the environment to minimise harm.

Policy

ADAPT Australia Pty Ltd will endeavour to minimise impact on the following:

- Atmospheric emissions
- Site contamination and spills
- Noise Emission
- Damage to flora and fauna
- Storm water management
- Unnecessary energy consumption

To fulfil this commitment, ADAPT Australia Pty Ltd, will observe all environment laws and promote environmental awareness among all staff to increase understanding of environmental matters.

ADAPT Australia Pty Ltd will actively take part in the following:

- Improve purchasing (buy recycled materials, reduce waste, use less harmful/volatile chemicals)
- Improve storage (reduce quantity, waste and spills, Reduce odours by keeping containers closed)
- Conserve energy (eco-friendly lights, turn lights off, emergency efficient equipment, greener fuel sources –such as LPG and methane).
- Conserve water (install water saving accessories, repair leaks)
- Emergency planning and spill response
- Seek licenses/permits from State Environmental Protection Agencies and other relevant Authorities, where appropriate.
- Improve education/awareness
- Notify relevant authority in the event of a major environmental impact.

The Environmental policy will be reviewed annually at the Bi-Annual Management Review Meeting.
